

Enterprise TROOPERS

Primary School Competition

Why be an Enterprise Troopers Business Supporter?

Business supporters play a very important part in the ongoing success and development of the Enterprise Troopers Primary School Competition in Wales.

We are looking for organisations who are able to help in a variety of ways.

You maybe looking for specific benefits through supporting a project such as this. Therefore, if there isn't a package that fits the bill we will work flexibly with you to develop a bespoke package to ensure we meet your needs as well as the needs of the Competition.

Here are some of the ways in which you could support and make a difference to the experience Primary school children have in Wales whilst meeting your company's Corporate Social Responsibility (CSR) at the same time.

Sponsorship

There are a number of Sponsorship Opportunities available for you to consider. You could become an overall Headline Sponsor or sponsor one of the Regional Final events.

We will work with you to find an opportunity that fits your needs and provides positive PR to enhance your reputation with your target audiences.

In-Kind Gifts

Prizes and Incentives

Each year we hold Regional events as well as a National Final in Cardiff.

Your company maybe interested in donating prizes and/or incentives for those pupils and schools taking part. This year we will also be announcing monthly spot prizes as the entries start to come in.

This could be a school prize such as equipment, educational resources or activities and business related trips for pupils.

By doing this you will gain profile amongst the participants, recognition on the website and in PR activity, and amongst key players in Government and Business.

It is also an excellent way to showcase your products and services.

Professional skills

As a business owner or employee you could offer your skills to support schools in developing their Enterprise Project.

This could be support in a variety of ways such as:

- mentoring;
- offering talks on specific business matters such as Marketing or Finance; or
- supporting schools with planning their business and getting it off the ground.

Donations

You may wish to make a donation in the form of a seed fund or loan to your local school to kick start their 'Business'. This could be anything from £5 - £100 – whatever you feel you can afford.

This is a great way to give something back to communities across Wales, as well as contributing to your company's corporate social responsibility commitments.

We can help you identify schools who would benefit from your support in this way.

Volunteering

We are looking for corporate volunteers to work with us in a number of ways such as:

- working alongside schools to support them in understanding what is needed to set up a business and to be entrepreneurial
- helping to promote the Competition to schools and increase participation
- offering professional skills and experience to provide free advice and support to schools
- helping out at events such as the Regional and National Finals.

For more information on how your company can get involved please contact us at hello@EnterpriseTroopers.com or call us on 0844 736 6150.
