ANIMAL HEALTH ADVICE AND TESTING

Farming Connect can support
animal health advice and testing
with your local vet.

A health plan tailored to each business may include:

- › A review of routine veterinary treatments
- › Livestock disease profile
- › Benchmark and identify areas for improvement
- › Advice on improving the health status of all the animals on the farm
- › Biosecurity measures to reduce the risk of introducing or spreading disease
- › Animal welfare
- › Sampling and testing animals to investigate a possible disorder on the farm

Farmers and vets must
receive approval from Farming
Connect before starting work.

Limited funding available.

For more information contact your
local Development Officer, or call
the service centre.
