WINTER FEEDING ADVICE

Farming Connect can provide advice on winter rations including forage samples.

Farmers must receive approval from Farming Connect before starting work.

A ration plan tailored to each business may include:

- › A review of the current ration
- › Nutritional advice to maximise performance
- › Targeted recommendations according to stock demand
- › Recommendations on balancing rations with forage samples and grass quality
- › Recommendation on improving silage/grassland performance (ME & DM value)
- › Sampling clamps/bales

For more information contact your local Development Officer, or call the service centre.
