CYNLLUN FFERMIO CYNALIADWY

CANLLAW AR GYFER GWEITHREDIADAU CYFFREDINOL 2026

UA1 Iechyd pridd

Erbyn 31 Rhagfyr, rhaid i chi fod wedi profi'r pridd am P, K, Mg, pH a Deunydd Organig y Pridd, ar o leiaf 20% o'ch caeau sy'n cynnwys tir wedi'i wella, fel y'i mapiwyd. (Gall profion pridd ar ôl 1 Ionawr 2022 gyfrif tuag at y weithred gyffredinol hon)

Cymorth / cyngor: Canllaw profi pridd
Dangosfwrdd cyffredinol y Cynllun Ffermio Cynaliadwy (SFS): Cofnodwch fod profion pridd wedi'u cwblhau ar ddangosfwrdd cyffredinol yr SFS erbyn 15 Ionawr 2027.
Cadw cofnodion: Cadwch ganlyniadau profion pridd ar y fferm am o leiaf 5 mlynedd.

CAM GWEITHREDU: Cwblhewch 20% o brofion pridd ar dir wedi'i wella.

UA2: Rheolaeth integredig ar blâu (IPM)

Mae'r weithred gyffredinol hon yn berthnasol os ydych chi'n defnyddio, neu'n cyflogi contractwyr i ddefnyddio, Cynhyrchion Diogelu Planhigion (PPPs). Rhaid i chi:

- gasglu a chofnodi data ar yr holl PPP a ddefnyddir ar eich daliad; a
- cwblhau Cynllun Rheolaeth Integredig ar Blâu (IPM).

Cymorth / cyngor: Gweler templed Cofnod Triniaeth Plaladdwyr Llywodraeth Cymru. Am ganllawiau a thempledi IPM gweler y Fenter Wirfoddol
Dangosfwrdd cyffredinol yr SFS: Cadarnhewch eich bod wedi cwblhau gofynion y weithred gyffredinol hon erbyn 15 Ionawr 2027.
Cadw cofnodion: Rhaid cadw cofnod o ddefnydd PPP a Chynllun IPM blynyddol ar y fferm am o leiaf 5 mlynedd.

CAM GWEITHREDU: Cwblhewch gofnod o'r PPP a ddefnyddir a chwblhewch gynllun rheoli plâu

---

UA3: Meincnodi

Erbyn 31 Rhagfyr, cwblhewch naill ai:
- Offeryn meincnodi a gymeradwywyd gan y diwydiant; Neu
- DATAFFERM+ drwy Cyswllt Ffermio.

Cymorth / cyngor: DATAFFERM+ Cyswllt Ffermio
Dangosfwrdd cyffredinol yr SFS: Cadarnhewch eich bod wedi bodloni gofynion y weithred gyffredinol hon erbyn 15 Ionawr 2027. Cofnodwch yr offeryn meincnodi a ddefnyddiwyd a'r dyddiad cwblhau.
Ar gyfer DATAFFERM+, bydd dangosfwrdd yr SFS yn cael ei ddiweddaru'n awtomatig.
Cadw cofnodion: Dylid cadw canlyniadau meincnodi ar y fferm am o leiaf 5 mlynedd. Os ydych chi'n defnyddio DATAFFERM+ ni fydd angen unrhyw gofnodion ar gyfer archwiliad.

CAM GWEITHREDU: Dylech gwblhau meincnodi ar DATAFFERM+ ar gyfer 2 Dangosydd Perfformiad Allweddol (DPA) fesul sector ac 1 DPA fferm gyfan neu 3 DPA fferm gyfan os NAD oes gennych chi dda byw

FARMING connect
cyswllt FFERMIO

UA4: Datblygiad proffesiynol parhaus (DPP)

Erbyn 31 Rhagfyr, rhaid i chi a/neu'ch partner busnes gwblhau:
- O leiaf chwe awr o ddysgu
- Hyfforddiant Iechyd a Diogelwch gorfodol Cyswllt Ffermio.

Cymorth / cyngor: Mae modiwlau e-ddysgu Cyswllt Ffermio yn cyfrif tuag at y 6 awr a gellir eu canfod yn yr Hwb Sgiliau. Gweithgarwch eraill Cyswllt Ffermio a fydd yn cyfrif tuag at y 6 awr yw:
- Cyfarfodydd grŵp trafod Cyswllt Ffermio,
- Mentora Cyswllt Ffermio,
- Academi Amaeth Cyswllt Ffermio,
- Hyfforddiant achrededig Cyswllt Ffermio,
- Cyfarfodydd ar y fferm Cyswllt Ffermio,
- Gweithdai Iechyd a Lles Anifeiliaid Cyswllt Ffermio,
- Dosbarthiadau meistr Cyswllt Ffermio.

Dangosfwrdd cyffredinol yr SFS: Cadarnhewch eich bod wedi bodloni gofynion y weithred gyffredinol hon erbyn 15 Ionawr 2027 gan gynnwys manylion hyfforddiant. Os caiff ei gwblhau drwy Cyswllt Ffermio, bydd y dangosfwrdd yn cael ei ddiweddaru'n awtomatig.
Cadw cofnodion: Dylid cadw cofnodion dysgu ar y fferm am o leiaf 5 mlynedd. Os cânt eu cwblhau drwy Cyswllt Ffermio, ni fydd angen unrhyw gofnodion i'w harchwilio.

CAM GWEITHREDU: Rhaid i bartneriaid busnes gwblhau 6 awr o ddatblygiad proffesiynol parhaus, yn ogystal â chwblhau modiwl e-ddysgu Iechyd a Diogelwch Cyswllt Ffermio.

UA5: Cynnal cynefinoedd

Rhaid i chi reoli'r holl gynefinoedd lled-naturiol sydd wedi'u mapio yn unol â'r dosbarthiad cynefin perthnasol.

Cymorth / cyngor: Atodiad 2 o Ganllawiau'r SFS. Templedi gweithgarwch a stocio yn 'Pan ddaw'r archwilydd'
Dangosfwrdd cyffredinol yr SFS: Cadarnhewch eich bod wedi bodloni gofynion y weithred gyffredinol hon erbyn 15 Ionawr 2027.
Cadw cofnodion: Dylid cadw dyddiadur gweithgarwch ar gyfer pob math o gynefin, yn ogystal â dyddiadur stocio ar gyfer cynefinoedd agored yr ucheldir ar y fferm am o leiaf 5 mlynedd.

CAM GWEITHREDU: Rheoli pob parsel tir gyda chynefin lled-naturiol yn unol â'r canllawiau a chwblhau dyddiadur gweithgarwch ar gyfer pob parsel.

UA6: Creu cynefinoedd dros dro ar dir wedi'i wella

Mae'r weithred gyffredinol hon yn berthnasol os nad oes gennych 10% o gynefin. Erbyn 31 Rhagfyr, rhaid i chi greu cynefin dros dro ar dir wedi'i wella, fel y datganwyd ar SAF 2026.

Cymorth / cyngor: Atodiad 3 o Ganllawiau'r SFS.
Dangosfwrdd cyffredinol yr SFS: Cadarnhewch eich bod wedi bodloni gofynion y weithred gyffredinol hon erbyn 15 Ionawr 2027.
Cadw cofnodion: Rhaid cwblhau dyddiadur gweithgarwch a'i gadw ar y fferm am gyfnod o 5 mlynedd.

CAM GWEITHREDU: Creu cynefin dros dro fel yr amlinellir yn eich SAF 2026, cwblhau dyddiadur gweithgareddau ar gyfer pob parsel tir.

UA7: Cynllun rheoli safleoedd dynodedig (DSMP)

Mae'r weithred gyffredinol hon yn berthnasol os yw eich daliad yn cynnwys safle dynodedig yn unol â Map yr SFS. Erbyn 31 Rhagfyr 2030 dylech weithio gyda LIC / CNC i ddatblygu cynllun rheoli safleoedd dynodedig ac amserlen waith.

Cymorth / cyngor: Bydd LIC / CNC yn cysylltu â chi.
Dangosfwrdd cyffredinol yr SFS: Lle y bo'n berthnasol, bydd dangosfwrdd cyffredinol yr SFS yn tynnu sylw at yr angen am gynllun rheoli safleoedd dynodedig. Bydd dangosfwrdd yr SFS yn dangos unwaith y bydd cynllun rheoli safleoedd dynodedig wedi'i greu.
Cadw cofnodion: Nid oes unrhyw ofynion penodol ar gyfer cadw cofnodion ar gyfer y weithred gyffredinol hon.

CAM GWEITHREDU: Erbyn 2030, dylech fod wedi cwblhau cynllun rheoli safle ar gyfer y safle dynodedig gyda CNC.

UA8: Rheoli perthi / gwrychoedd

Mae'r weithred gyffredinol hon yn berthnasol i berthi/gwrychoedd o dan eich rheolaeth, ac a reolir trwy dorri a/neu docio.

Peidiwch â thocio na thorri 2 flynedd yn olynol (ac eithrio lle mae eithriad yn berthnasol)

Peidiwch â thorri yn ystod tymor nythu adar (1 Mawrth i 31 Awst)

Gadewch i'r gwrych dyfu'n fwy trwchus ac yn dalach (o leiaf 5cm o dwf ychwanegol)

Dylech gynnal neu sefydlu gwrych o leiaf bob 50m (ar gyfartaledd)

Cymorth / cyngor: Gweler Canllawiau'r SFS
Dangosfwrdd cyffredinol yr SFS: Cadarnhewch eich bod wedi bodloni gofynion y weithred gyffredinol hon erbyn 15 Ionawr 2027.
Cadw cofnodion: Cadwch ddyddiadur gweithgarwch sy'n cofnodi pob gweithgarwch gwrych am 5 mlynedd.

CAM GWEITHREDU: Dylech reoli eich gwrychoedd yn unol â'r canllawiau a lle y bo'n briodol cadwch ddyddiadur gweithgarwch.

UA9: Cynnal coetir

Rhaid i chi reoli'r holl goetir presennol mewn blociau o 0.1ha neu fwy yn unol â'r gofynion.

Cymorth / cyngor: Gweler Canllawiau'r SFS
Dangosfwrdd cyffredinol yr SFS: Cadarnhewch eich bod wedi bodloni gofynion y weithred gyffredinol hon erbyn 15 Ionawr 2027.
Cadw cofnodion: Dyddiadur gweithgarwch, gan gadw tystiolaeth os caiff coed eu torri / tocio rhwng 1 Mawrth a 31 Awst.

CAM GWEITHREDU: Rheoli eich coetir (0.1ha) yn unol â'r canllawiau a chadw dyddiadur gweithgarwch.

UA10: Cynllun cyfle i blannu coed a chreu perthi/gwrychoedd

Erbyn 31 Rhagfyr, cwblhewch gynllun cyfle i blannu coed a chreu perthi/gwrychoedd ar RPW ar-lein. Dangoswch gynnydd y gwaith plannu (0.1ha) erbyn 31 Rhagfyr .

Dangosfwrdd cyffredinol yr SFS: Bydd y dangosfwrdd yn cael ei ddiweddaru'n awtomatig unwaith y bydd y cynllun wedi'i gwblhau ar RPW ar-lein.
Cadw cofnodion: Nid oes unrhyw ofynion cadw cofnodion ar gyfer y weithred gyffredinol hon.

CAM GWEITHREDU: Cwblhewch y cynllun plannu coed a chreu perthi/gwrychoedd ar RPW ar-lein.

UA11: Yr amgylchedd hanesyddol

Rhaid i chi reoli'r holl nodweddion hanesyddol yn unol â Map yr SFS yn unol â'r gofynion.

Cymorth / cyngor: Gweler Canllawiau'r SFS
Dangosfwrdd cyffredinol yr SFS: Cadarnhewch eich bod wedi bodloni gofynion y weithred gyffredinol hon erbyn 15 Ionawr 2027.
Cadw cofnodion: Tystiolaeth o ddirywiad a/neu ddyddiadur gweithgarwch a gedwir ar y fferm am o leiaf 5 mlynedd.

CAM GWEITHREDU: Rheoli pob nodwedd hanesyddol ar eich fferm yn unol â'r canllawiau a chadw dyddiadur o'r holl weithgarwch gan gynnwys tystiolaeth o ddirywiad.

UA12: Iechyd a Lles Anifeiliaid

Erbyn 31 Rhagfyr, gyda'ch milfeddyg:

Cwblhewch y Cylch Gwella Iechyd Anifeiliaid (AHIC – camau 1 a 2)

Cwblhewch asesiad risg bioddiogelwch anifeiliaid sy'n dod i mewn

Cwblhewch hyfforddiant ar gyfer sgorio cyflwr corff a sgorio symudedd

Cymorth / cyngor: Ffurflen AHIC Llywodraeth Cymru; Ffurflenni Asesiad Bioddiogelwch Llywodraeth Cymru; Gweler Cyswllt Ffermio
Dangosfwrdd cyffredinol yr SFS: Cadarnhewch eich bod wedi bodloni gofynion pob elfen erbyn 15 Ionawr 2027. Bydd hyfforddiant a gynhelir drwy Cyswllt Ffermio yn cael ei ddiweddaru'n awtomatig. Bydd angen nodi manylion lle mae hyfforddiant wedi'i ddarparu gan ddarparwr allanol.
Cadw cofnodion: Rhaid cadw'r templed AHIC, asesiad risg bioddiogelwch, cofnodion sgorio cyflwr corff a symudedd ar y fferm am o leiaf 5 mlynedd.

CAM GWEITHREDU: Cwblhewch gamau mesur a chynllun yr AHIC ynghyd ag asesiad risg bioddiogelwch ar gyfer anifeiliaid sy'n dod i mewn, cwblhewch yr e-ddysgu cyflwr corff a symudedd a'r asesiad ymarferol.

SUSTAINABLE FARMING SCHEME

UNIVERSAL ACTIONS GUIDE 2026

UA1 Soil health

By 31 December, soil test for P, K, Mg, pH and Soil Organic Matter, a minimum of 20% of your fields containing improved land, as mapped. (Soil testing after 1 January 2022 can count towards this UA)

Support / advice: Soil Sampling Guidance Note
SFS universal dashboard: Record that soil testing has been completed on the SFS Universal Dashboard by 15 January 2027.
Recordkeeping: Retain soil testing results on-farm for a minimum of 5 years.

ACTION: Complete 20% soil sampling of improved field parcels.

UA2: Integrated Pest Management (IPM)

Applicable if you use, or employ contractors to use, Plant Protection Products (PPPs).

You must:
- collect and record data of all PPP used on your holding; and
- complete an Integrated Pest Management (IPM) Plan.

Support / advice: See WG Pesticide Treatment Record template. For IPM guidance and templates please see the Voluntary Initiative
SFS universal dashboard: Confirm that you have completed the requirements of this UA by 15 January 2027.
Recordkeeping: Record of PPP usage and annual IPM Plan must be kept on-farm for a minimum of 5 years.

ACTION: Complete a record of PPP used and complete an Pest Management Plan

UA3: Benchmarking

By 31 December, complete either:
- An industry approved benchmarking tool; Or
- FARMDATA+ through Farming Connect.

Support / advice: Farming Connect FARMDATA+
SFS universal dashboard: Confirm that you have met the requirements of this UA by 15 January 2027.
Record the industry benchmarking tool used and the date completed.
For FARMDATA+, the SFS Dashboard will be automatically updated.
Recordkeeping: Benchmarking results should be kept on-farm for a minimum of 5 years. If using FARMDATA+ no records will be required for inspection.

ACTION: Complete benchmarking on FARMDATA+ for 2 KPI's per sector and 1 whole farm KPI or 3 whole farm KPI's if you have NO livestock

FARMING connect
cyswllt FFERMIO

UA4: Continuous professional development (CPD)

By 31 December, you and/or your business partner must complete:
- A minimum of six hours of learning
- Mandatory Farming Connect Health & Safety training.

Support / advice: Farming Connect e-learning modules count toward the 6 hours and can be found in the Skills Hub. Other Farming Connect activity that will count towards the 6 hours are:
· Farming Connect Discussion group meetings,
· Farming Connect Mentoring,
· Farming Connect Agri Academy,
· Farming Connect Accredited training,
· Farming Connect on-farm meetings,
· Farming Connect Animal Health & Welfare workshops,
· Farming Connect Agrisgôp
· Farming Connect Masterclasses.
SFS universal dashboard: Confirm that you have met the requirements of this UA by 15 January 2027 including details of training. If completed via Farming Connect the dashboard will be automatically updated.
Recordkeeping: Learning records should be kept on-farm for a minimum of 5 years. If completed through Farming Connect, no records will be required for inspection.

ACTION: Business partners must complete 6 hours of CPD, plus complete the Farming Connect Health and Safety e-Learning module.

UA5: Habitat maintenance

Manage all mapped semi-natural habitats in accordance with the relevant habitat classification.

Support / advice: Annex 2 of SFS Guidance. Activity and stocking templates in *'When the inspector calls'*
SFS universal dashboard: Confirm that you have met the requirements of this UA by 15 January 2027.
Recordkeeping: Activity diary should be kept for all types of habitats, plus a stocking diary for upland open habitats should be kept on-farm for a minimum of 5 years.

ACTION: Manage all field parcels with semi-natural habitat as per the guidance and complete an activity diary for each parcel.

UA6: Temporary habitat creation on improved land

Applicable if you do not have 10% habitat. By 31 December, you must create temporary habitat on improved land, as declared on SAF 2026.

Support / advice: Annex 3 of SFS Guidance.
SFS universal dashboard: Confirm you have met the requirements of this UA by 15 January 2027.
Recordkeeping: Activity diary must be completed and kept on-farm for a period of 5 years.

ACTION: Create temporary habitat as outlined in your SAF 2026, complete an activity diary for each parcel.

UA7: Designated site management plans (DSMP)

Applicable if your holding includes a designated site as per the SFS Map. By 31 December 2030, work with WG / NRW to develop a designated site management plan and schedule of works.

Support / advice: WG / NRW will contact you.
SFS universal dashboard: Where applicable the SFS Dashboard will highlight the need for a designated site management plan. The SFS Dashboard will show once a DSMP has been created.
Recordkeeping: There are no specific record keeping requirements for this UA.

ACTION: By 2030 complete a site management plan for the designated site with NRW.

UA8: Hedgerow management

Applies to hedgerows under your management control, managed through cutting and / or trimming.

Do not trim or cut 2 years in a row (except where an exemption applies)

Do not cut in the bird nesting season (1 March to 31 August)

Allow hedge to grow thicker & taller (at least 5cm incremental growth)

Maintain or establish a hedgerow tree at least every 50m (average)

Support / advice: See the SFS Guidance
SFS universal dashboard: Confirm you have met the requirements of this UA by 15 January 2027.
Recordkeeping: Keep an activity diary which records all hedgerow activities for 5 years.

ACTION: Manage your hedgerows as per the guidance and where appropriate keep an activity diary.

UA9: Woodland maintenance

Manage all existing woodland in blocks of 0.1ha or greater in accordance with requirements.

Support / advice: See the SFS Guidance
SFS universal dashboard: Confirm you have met the requirements of this UA by 15 January 2027.
Recordkeeping: Activity diary, retaining evidence if trees are cut / trimmed between 1 March and 31 August.

ACTION: Manage your woodland (0.1ha) as per the guidance and keep an activity diary.

UA10: Tree & hedgerow planting opportunity plan

By 31 December, complete a tree & hedgerow planting opportunity plan on RPW online.
Demonstrate progress of planting (0.1ha) by 31 December 2028.

SFS universal dashboard: Dashboard will be automatically updated once the plan is completed RPW online
Recordkeeping: There are no recordkeeping requirements for this UA.

ACTION: Complete the tree & hedgerow planting plan on RPW online.

UA11: Historic environment

Manage all historic features as per SFS Map in accordance with requirements.

Support / advice: See the SFS Guidance
SFS universal dashboard: Confirm that you have met the requirements of this UA by 15 January 2027.
Recordkeeping: Evidence of deterioration and / or Activity Diary kept on-farm for a minimum of 5 years.

ACTION: Manage all historical features on your farm as per the guidance and keep a diary of all activities including evidence of deterioration.

UA12: Animal Health & Welfare

By 31 December, with your vet:

Complete the Animal Health Improvement Cycle (AHIC – steps 1 & 2)

Complete incoming animal biosecurity risk assessment

Complete training for body condition scoring and mobility scoring

Support / advice: Welsh Government AHIC form; Welsh Government Biosecurity Assessment forms; See Farming Connect
SFS universal dashboard: Confirm you have met the requirements of each element by 15 January 2027, training undertaken through Farming Connect will be automatically updated. Details will be required where training has been delivered by an external provider.
Recordkeeping: The AHIC template, biosecurity risk assessment, body condition and mobility scoring records must be kept on-farm for a minimum of 5 years.

ACTION: Complete the AHIC steps - measure and plan plus a biosecurity risk assessment for incoming animals, complete the body condition and mobility e-learning and practical assessment.
