Supporting the Welsh Seafood Sector

BUSINESS SUPPORT

The Welsh Seafood cluster aims to create a platform for joint action to identify and solve common issues through industry collaboration.

The Cluster aims to overcome barriers of growth in your business and is dedicated to adding value to Welsh quality seafood.

The Business Development Programme aims to enable Welsh fisheries businesses to create jobs and sustainable economic growth by supporting the sector to grow through the provision of specific support.

We would like to hear about your commercial project ideas and offer support to develop and expand your Seafood business. For more information please contact:

- Sian Davies**
 Seafood Cluster Manager
