

Food and Drink Opportunities in Poland

9.30am Thursday 1 July 2021

With a population of 38m, Poland is Central and Eastern Europe's largest food and drink market.

Like the UK, Poland's hospitality and restaurant sectors have struggled during Covid, but online and retail sectors have grown significantly.

The Export Club invites you to this market overview looking at food and drink opportunities for Welsh businesses in Poland.

Hear from:

- Edyta Saks, Senior Trade Adviser, DIT Poland Trade Services Team
- Cédric Fromont, Managing Partner, Valians International
