Innovation support & funding for your business

Are you a business involved
in semiconductors, electronics,
or their supply chains?

If so our package of Innovation
support could be for you.

I N N O V A T I O N

We are offering:

- up to 8 days fully funded support to plan and implement productivity and design improvements
- free expert support and advice for you to adopt digital technologies

- staged innovation funding taking you from feasibility to marketing
- support and funding for collaborative projects and partnerships

To find out if your business is eligible contact us through this [enquiry form](#).

This support is provided by the Welsh Government under the EU funded SMART Innovation programme as pilot for the Interreg COHES3ION project.
