

### Marine Land based – Pump ashore flow through finfish farms

Consent required	Regulator / Authorising remit	Regulator	Contacts
<p><b>Planning permission</b></p> <p><i>Charges apply</i></p> <p><i>Target times* = 8 weeks general, 16 weeks if EIA required.</i></p>	<p>Granting of development consents for land based fish farms under the Planning (Wales) Act 2015, and Planning Act 2008</p> <p>It is the scale of the infrastructure and water use/discharge that is considered by the local planning authority as much as the usage.</p> <p>EIA, HRA, WFD assessment and WCA assessment may be required.**</p>	Local Authorities	<p>See relevant local authority</p> <p><a href="http://wlg.wales/welsh-local-authority-links">http://wlg.wales/welsh-local-authority-links</a></p> <p><a href="https://www.planningportal.co.uk/wales_en/">https://www.planningportal.co.uk/wales_en/</a></p> <p><a href="https://www.planningportal.co.uk/wales_en/info/5/applications/56/how_to_apply">https://www.planningportal.co.uk/wales_en/info/5/applications/56/how_to_apply</a></p> <p><a href="http://adlib.eversite.co.uk/resources/000/264/299/annexepps7.pdf">http://adlib.eversite.co.uk/resources/000/264/299/annexepps7.pdf</a></p>
<p><b>Marine licence</b></p> <p><i>An aquaculture facility pumping water ashore would require a licence for pumping / pipework and associated works that fall below Mean High water Springs.</i></p> <p><i>Covers developments out to 200NM or the median line with other countries waters.</i></p> <p><i>Charges apply</i></p> <p><i>Target Time* = 4 months if license is required</i></p>	<p>Licensing of marine activities under the Marine and Coastal Access Act (2009).</p> <p>The applicant must contact Marine and Coastguard Agency and Trinity House to determine if their development (pipework) requires navigational markers.</p> <p>EIA, HRA, WFD assessment and WCA assessment may be required.**</p>	Natural Resources Wales	<p>0300 065 3000</p> <p><a href="mailto:marinelicensing@naturalresourceswales.gov.uk">marinelicensing@naturalresourceswales.gov.uk</a></p> <p><a href="http://naturalresourceswales.gov.uk/permits-and-permissions/marine-licensing/?lang=en">http://naturalresourceswales.gov.uk/permits-and-permissions/marine-licensing/?lang=en</a></p> <p>MCA: <a href="mailto:navigationsafety@mcga.gov.uk">navigationsafety@mcga.gov.uk</a> Or <a href="mailto:infoline@mcga.gov.uk">infoline@mcga.gov.uk</a></p> <p>Trinity House: <a href="mailto:navigation.directorate@thls.org">navigation.directorate@thls.org</a></p>
<p><b>Water Abstraction &amp; Discharge Licences</b></p> <p><i>Abstraction consent may or may not be required, depending on circumstances. Discharge consent will be required if water is returned to the marine environment.</i></p> <p><i>Charges apply</i></p>	<p>Abstraction and Discharges under Environmental permitting regulations (England &amp; Wales) 2010</p> <p>Under certain conditions (waters frequented by migratory salmonids) both inlets and outlets from a fish farm would be required to be screened appropriately to 1) prevent wold stock entering and 2) prevent the egress of the farm stock into the wild. This</p>	Natural Resources Wales	<p>0300 065 3000</p> <p><a href="mailto:permitreceiptcentre@naturalresourceswales.gov.uk">permitreceiptcentre@naturalresourceswales.gov.uk</a></p> <p><a href="http://naturalresourceswales.gov.uk/permits-and-permissions/?lang=en">http://naturalresourceswales.gov.uk/permits-and-permissions/?lang=en</a></p>

<p><i>Target time* = for full application up to 3 months due to changes to exempt uses and amounts from Jan 2018.</i></p>	<p>is a requirement under Salmon and Freshwater Fisheries Act (SAFFA) section 14.</p> <p>EIA, HRA, WFD assessment and WCA assessment may be required. **</p>		<p><a href="http://www.legislation.gov.uk/ukpga/1975/51/section/14/2001-04-01">http://www.legislation.gov.uk/ukpga/1975/51/section/14/2001-04-01</a></p>
<p><b>Authorisation to operate an Aquaculture Production Business</b></p> <p>(An authorisation in principle may be available before the APB is up and running)</p> <p>No charges</p> <p>Target time* = 90 days including consultation</p>	<p>Authorisation of aquaculture production businesses (APBs) under the Aquatic Animal Health (England &amp; Wales) Regulations 2009, consult NRW as part of process.</p> <p>FHI are a regulatory body under the nature conservation directives, HRA and consideration under the WCA may also be required.</p> <p><i>N.B. Authorisation for APB, Import &amp; Permitting of Alien species may all be dealt with as one by FHI in many cases.</i></p>	<p>Fish Health Inspectorate (FHI)</p>	<p>01305 206700</p> <p><a href="mailto:fhi@cefas.co.uk">fhi@cefas.co.uk</a></p> <p><a href="https://www.gov.uk/fish-and-shellfish-farm-authorisation-and-registration">https://www.gov.uk/fish-and-shellfish-farm-authorisation-and-registration</a></p>
<p><b>Authorisation to import livestock</b></p> <p>Required if seed stock are to be sourced from anywhere outside England, Wales or Scotland</p> <p>No charges</p> <p>Target time* = 15 to 90 days</p>	<p>Authorisation to import livestock for aquaculture from EU or third countries under Aquatic animal health Directive 2006/88.</p> <p><i>N.B. Authorisation for APB, Import &amp; Permitting of Alien species may all be dealt with as one by FHI in many cases.</i></p>	<p>Fish Health Inspectorate (FHI)</p>	<p>01305 206700</p> <p><a href="mailto:fhi@cefas.co.uk">fhi@cefas.co.uk</a></p> <p><a href="https://www.gov.uk/import-or-export-live-fish-and-shellfish">https://www.gov.uk/import-or-export-live-fish-and-shellfish</a></p>
<p><b>Permitting farming of alien species.</b></p> <p>(FHI provide advice and carryout inspection to ensure that the facility can be classed as <u>fully enclosed</u> and be exempt from permitting under ASR)</p>	<p>Permitting under the Alien and Locally Absent Species in Aquaculture (England &amp; Wales) Regulations 2011.</p> <p><i>N.B. Authorisation for APB, Import &amp; Permitting of Alien species may all be dealt with as one by FHI in many cases.</i></p>	<p>Fish Health Inspectorate (FHI)</p>	<p>01305 206700</p> <p><a href="mailto:fhi@cefas.co.uk">fhi@cefas.co.uk</a></p> <p><a href="https://www.gov.uk/introduce-or-keep-non-native-fish-and-shellfish">https://www.gov.uk/introduce-or-keep-non-native-fish-and-shellfish</a></p>

<p>No charges (If a system is deemed not to be fully enclosed and a Risk Assessment is required then can costs fall to the applicant and can be significant)</p> <p>Target time* = 15 to 90 days</p>			
<p><b>Approval to manufacture medicated Feed</b></p> <p>Required where veterinary medicines are to be mixed into or onto feed for feeding to the farmer's own fish.</p> <p>Charges apply, Conditional approval available Target time* = 10 working days to validate the application + 30 working days for on-site approval inspection.</p>	<p>EC Directive 90/167 laying down the conditions for the preparation, placing on the market and use of medicated feeding-stuffs.</p> <p>EU Regulation (EC) No 1831/2003 laying down requirements for feed hygiene. Protects animal health, human health and the environment.</p> <p>FHI carries out inspections on behalf of VMD</p>	<p>Veterinary Medicines Directorate</p> <p>Fish Health Inspectorate (FHI)</p>	<p>01932 336911</p> <p><a href="mailto:inspections@vmd.defra.gsi.gov.uk">inspections@vmd.defra.gsi.gov.uk</a></p> <p><a href="https://www.gov.uk/government/organisations/veterinary-medicines-directorate">https://www.gov.uk/government/organisations/veterinary-medicines-directorate</a></p> <p><a href="https://www.gov.uk/guidance/manufacturing-and-supplying-veterinary-medicines-for-animal-feed">https://www.gov.uk/guidance/manufacturing-and-supplying-veterinary-medicines-for-animal-feed</a></p>
<p><b>Transporter authorisation</b></p> <p><b>Animal Transport Certificates (ATC)</b> (ATC may be covered by FHI records)</p>	<p>Welfare in Transport. Welfare of Farmed Animals (Transport) (Wales) Order 2007</p> <p>FHI carries out inspections on behalf of APHA</p>	<p>Animal and Plant Health Agency (APHA)</p> <p>Fish Health Inspectorate (FHI)</p>	<p>0300 303 8268</p> <p><a href="mailto:APHA.CymruWales@apha.gsi.gov.uk">APHA.CymruWales@apha.gsi.gov.uk</a></p> <p><a href="https://www.gov.uk/government/organisations/animal-and-plant-health-agency/about/access-and-opening">https://www.gov.uk/government/organisations/animal-and-plant-health-agency/about/access-and-opening</a></p>
<p><b>On Farm welfare</b></p>	<p>Welfare of fish on farms is required by European Council Directive 98/58/EC and is covered by The Animal Welfare Act 2006. Welfare at slaughter is defined in European Council Regulation No. 1099/2009 and is currently implemented in England and Wales by The Welfare of Animals (Slaughter and Killing) Regulations 1995.</p>	<p>Animal and Plant Health Agency (APHA) and Local Authorities</p>	<p><a href="mailto:APHA.CymruWales@apha.gsi.gov.uk">APHA.CymruWales@apha.gsi.gov.uk</a></p> <p><a href="https://www.gov.uk/government/organisations/animal-and-plant-health-agency/about/access-and-opening">https://www.gov.uk/government/organisations/animal-and-plant-health-agency/about/access-and-opening</a></p> <p><a href="http://wlga.wales/welsh-local-authority-links">http://wlga.wales/welsh-local-authority-links</a></p> <p><a href="https://www.gov.uk/government/publications/fawc-advice-on-farmed-fish-welfare">https://www.gov.uk/government/publications/fawc-advice-on-farmed-fish-welfare</a></p>

<p><b>Disposal of mortalities</b></p>	<p>Disposal of fish mortalities under Council Regulation EC 1069/2009 on animal by-products. Fish which died from disease are defined as Category II material, which must be disposed of in accordance with Article 13 of EC 1069/2009.</p> <p>FHI control the disposal of mortalities where premises are subject to control for the presence of a notifiable disease. Otherwise it is the remit of local authorities.</p>	<p>Regulation via Local authorities</p> <p>Fish Health Inspectorate (FHI)</p>	<p><a href="http://wlgg.wales/welsh-local-authority-links">http://wlgg.wales/welsh-local-authority-links</a></p> <p>01305 206700</p> <p><a href="mailto:fhi@cefas.co.uk">fhi@cefas.co.uk</a></p>
---------------------------------------	--	---	--

\*Target times are indicative and may take longer if there are complicated considerations

\*\* EIA = Environmental impact assessment, HRA = Habitats risk assessment, WFD = Water framework directive assessment, WCA = Wildlife and countryside act assessment

	<p>This means for any offshore pipework the competent authorities/regulatory bodies will carry out a Habitats Regulations Assessment (HRA) where necessary.</p> <p>The assessment process, if required, will involve data gathering, for which the applicant may be responsible.</p>	Natural Resources Wales (NRW)	<p>0300 065 3000</p> <p><a href="mailto:marinelicensing@naturalresourceswales.gov.uk">marinelicensing@naturalresourceswales.gov.uk</a></p> <p><a href="http://naturalresourceswales.gov.uk/permits-and-permissions/marine-licensing/habitats-regulations-assessment/?lang=en">http://naturalresourceswales.gov.uk/permits-and-permissions/marine-licensing/habitats-regulations-assessment/?lang=en</a></p>
Water Framework Directive (WFD)	<p>The Local authority will work closely with Natural Resources Wales (the Competent Authority for WFD) and will be advised of any likely effects before issuing planning permission.</p> <p>NRW will carry out a WFD assessment where necessary as part of marine licensing under the Water Framework Directive (2000/60/EC) and The Water Environment (Water Framework Directive) (England and Wales) Regulations 2003.</p>	Local Authorities and Natural Resources Wales	<p><a href="http://wlga.wales/welsh-local-authority-links">http://wlga.wales/welsh-local-authority-links</a></p> <p><a href="http://naturalresourceswales.gov.uk/guidance-and-advice/environmental-topics/water-management-and-quality/water-quality/improving-water-quality/?lang=en">http://naturalresourceswales.gov.uk/guidance-and-advice/environmental-topics/water-management-and-quality/water-quality/improving-water-quality/?lang=en</a></p>
Wildlife and Countryside Act (WCA) 1981 assessment for SSSI's	<p>If your proposal will fall within a SSSI speak to your Local Planning Authority and/or Natural Resources Wales about the possible implications of the WCA 1981 on your development at an early stage of the application process.</p>	Local Authorities and Natural Resources Wales	<p><a href="http://wlga.wales/welsh-local-authority-links">http://wlga.wales/welsh-local-authority-links</a></p> <p><a href="http://naturalresourceswales.gov.uk/permits-and-permissions/protected-species-licensing/uk-protected-species-licensing/information-on-uk-protected-species-licensing/?lang=en">http://naturalresourceswales.gov.uk/permits-and-permissions/protected-species-licensing/uk-protected-species-licensing/information-on-uk-protected-species-licensing/?lang=en</a></p>

\*Note that where more than one competent authority requires the same assessment for different permissions, a lead authority should be identified to co-ordinate work so that the assessment only needs to be done once, but ensuring it fulfils the requirements of each permission. This reduced burden on the applicant and streamlines the regulatory process.
