turn the tide on plastic

February 2020

Proud to be part of the UN Clean Seas Partnership Wales Clean Seas Partnership

is taking a leadership role and will deliver the Marine Litter Action Plan for Wales to reduce marine litter.

The Partnership is committed to taking action and addressing the root causes of marine litter. With over 30 years of Blue Flag Awards on our beaches in Wales and over 25 years of the Marine Conservation Society Beach Clean-up, Wales already has an impressive record of achievement. 2018 was Visit Wales' Year of the Sea and saw Cardiff host the Volvo Ocean Race & Ocean Summit. Wales is a small country but the Partnership took the opportunity to showcase what can be achieved and the group will continue to build on this legacy, by taking a collaborative approach to delivering the Marine Litter Action Plan, engaging with organisations, businesses and communities committed to taking action.

Progress so far.....

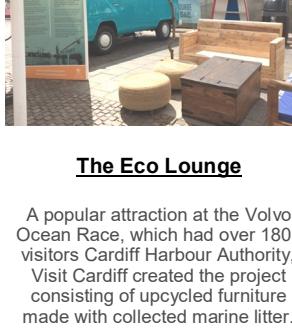

The Group met in November to review the work partners have been involved in over the past 3 years. Which has helped deliver the Marine Litter Action Plan for Wales . The Review has now been published. [Read it here](#)

It all started at the Ocean Summit, the Legacy will continue.....

All Wales Beach Clean

Keep Wales Tidy's campaign took place in September 2018 with events happening right across Wales. [Click here to read more](#).

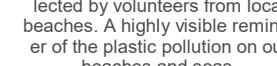

Marine Litter Research

Welsh Government awarded EMFF funding to a consortium led by Keep Wales Tidy to undertake marine litter research and supporting the MLAP

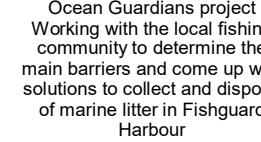

Great British Beach Clean

Marine Conservation Society carried out 30 beach cleans and litter surveys last year across Wales, with over 700 local volunteers getting involved to remove more than 15,000 litter items from Welsh beaches.

The Eco Lounge

A popular attraction at the Volvo Ocean Race, which had over 180k visitors Cardiff Harbour Authority, Visit Cardiff created the project consisting of upcycled furniture made with collected marine litter.

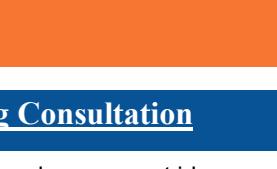

Let's Stop the Block

Dŵr Cymru Campaign has been successful in highlighting what not to flush! [Learn more here!](#)

Bertie the Sea Bass

An iconic stainless-steel sculpture filled with plastic litter collected by volunteers from local beaches. A highly visible reminder of the plastic pollution on our beaches and seas.

Sea Trust

Ocean Guardians project Working with the local fishing community to determine the main barriers and come up with solutions to collect and dispose of marine litter in Fishguard Harbour

Big Spring Beach Clean

Surfers against Sewage held this event in April across the country. Last years survey can be [read here](#).
