The Offer

We would like to invite your company to participate in an exhibition or export market visit to the Arab Health trade exhibition in Dubai, UAE.

This Welsh Government supported event offers an exciting opportunity for businesses of all sizes to increase their export activity by connecting with businesses in the Life Sciences sector from around the world.

Closing Dates

Exhibitor Closing Date – 28 September 2018

Visitor Closing Date – 23 November 2018

Why Arab Health 2019?

The Middle East healthcare business is expected to be worth \$60 billion by 2025 as the need for investment in services and facilities increases. It is one of the few regions in the world that faces such a rapid increase in demand and this growth is creating new opportunities in the healthcare sector.

The Arab Health Exhibition and Congress is, by far, the largest healthcare exhibition in the Middle East, and one of the largest in the world. The 2018 exhibition showcased more than 4,200 companies exhibiting their latest innovations with 103,000 healthcare professionals attending from over 150 countries. Arab Health provides a platform for companies to develop business across the region.

The Welsh Government can also help your business to arrange meetings during the event either with like minded companies or potential customers via our export trade support programmes.

The more you prepare before the event, the more success you will achieve, so contact us now!
