Business Wales

The Welsh Government's new Business Wales service will help support the sustainable growth of small and medium enterprises.

The service can be accessed by phone, online and through a network of eleven one stop shops located around Wales.

Business Wales is a dedicated service that provides access to information, guidance and business support directly and from the private, public and third sector.

Services delivered through the Business Wales service include:

Business Support Brokerage Service:

Working closely with other providers of businesses support to ensure that you access the most appropriate support package from the Private, Public and third sector to meet your business needs.

General Business Management Support:

- Business reviews
- Business and strategic planning
- Financial projection
- Access to funding
- Marketing

Mentoring Service:

Business Wales will facilitate access to experienced business professionals offering independent and impartial support to help you grow your business.

Tendering Support:

- How to Tender Workshops
- E-Procurement
- One to one support on developing tenders
- How to tender collaboratively
- Meet the buyer events

Employment Advice:

- Understanding and applying equality and diversity good practice
- Discipline and grievance procedures
- Bullying and harassment policies
- Absence management
- Contracts of employment
- Flexible working

Environmental Management Advice:

- Review current environmental performance
- Ensure compliance with legal requirements

- Understand the cost of current resource use
- Improve efficiency by reducing waste
- Environmental action planning
- Signposting to other sources of environmental support

International Trade Support:

- How to trade internationally workshops
- One to One support on International Trade
- Signposting to Welsh Government / UKTI support
- Information on trading in other countries

Access to the wider Public, Private and Third Sector Support:

- Business Wales will facilitate access to the relevant business support available in the public, private and third sector to ensure maximum benefit to the businesses supported.
