Apprenticeship Framework in Composite Engineering (Operator & Semi-Skilled) (Wales)

Framework No: FR03135 Issue: 2 Date: 20/10/2014

The content of this Framework has been agreed and published by the Science Engineering and Manufacturing Technologies Alliance (SEMTA)

OVERVIEW:

This Framework specifies the standards and criteria for the delivery of Level 2 training provision within the Engineering sector. Successful completion of the provision will lead to the award of a designated/regulated qualification(s) within the sector.

The Level 2 Apprenticeship is suitable for a variety of roles, including composite manufacturing processes to produce sub-assemblies and whole finished composite products.

MANDATORY OUTCOMES

Achievement of these qualifications will be assessed by verification through the appropriate awarding body. Participants must complete:

- Either a competence and a knowledge qualification or a combined competence and knowledge based qualification from one of the following pathways.
- Essential Skills and the Employment Rights and Responsibilities as stated below.

Pathways for this Framework at level 2:

Pathway 1: Composite Manufacture

Essential Skills Wales:

Level 2 Apprenticeship

Application of Number Level 1, Communication Level 1, ICT Level 1

Employment Rights and Responsibilities (ERR)

The appropriate underpinning knowledge and induction covering workplace Employment Rights and Responsibilities (ERR) is **required**.
