Apprenticeship Framework in Security Systems

Framework No: FR04346 Issue: 2 Date: 25/09/2018

The content of this Framework has been agreed and published by the Skills for Security

OVERVIEW:

This Framework specifies the standards and criteria for the delivery of Level 2 & 3 training provision within the Protective Services sector. Successful completion of the provision will lead to the award of a designated/regulated qualification(s) within the sector.

The Level 2 Apprenticeship is suitable for a variety of roles, including security systems installation engineers and security systems maintenance engineers.

The Level 3 Apprenticeship is suitable for a variety of roles, including security systems installation engineers and security systems maintenance engineers.

MANDATORY OUTCOMES

Achievement of these qualifications will be assessed by verification through the appropriate awarding body. Participants must complete:

- Either a competence and a knowledge qualification or a combined competence and knowledge based qualification from one of the following pathways.
- Essential Skills and the Employment Rights and Responsibilities as stated below.

Pathways for this Framework at level 2:

Pathway 1: Security Systems

Pathways for this Framework at level 3:
