"I've lived here almost all of my life and I had no idea I'd be able to see this place in a different light. It's a re-enchantment."

illumine was an 18-month digital arts training project for young 'Image Makers' (16-25 yr olds) that was managed and coordinated by Peak on behalf of Brecon County Council. Funding commenced in Spring 2019, our Image Makers worked closely with artists and industry.
