

# Ecosystem resilience

## Chair - Steve Spode

- ▶ Discuss how projects are targeting and evidencing actions to build ecosystem resilience
- ▶ The use of the DECCA framework
- ▶ The types of evidence you are using to action
- ▶ The types of actions being used
- ▶ Monitoring & evaluation
- ▶ Links made to biodiversity outcomes

# Collaborations & needs going forward

## Chair - Catherine Hughes

- ▶ What lessons have been learned
- ▶ Did a collaborative approach help you achieve the impact you set out to make
- ▶ How are you evaluating the impact of collaborative working within your project
- ▶ What resources were needed and how do you see your collaborations in the future
- ▶ What surprises happened during the collaboration that affected the projects
- ▶ How did the participants feel about the experience and how have you captured that
- ▶ How did you ensure transparent decision-making when both planning and delivering activities

# Health & wellbeing

## Chair - Nicola Thomas

- ▶ Did you follow the ways of working and the wellbeing goals for future generations, and did that help with the structure
- ▶ Did that help you incorporate this aspect into your project
- ▶ What outputs have delivered successful outcomes for health & wellbeing
- ▶ Did you have any surprising elements that weren't expected
- ▶ How did you incorporate Health & wellbeing aspects into the project with your community engagement

# Working at landscape & catchment scale

Chair - Kate Frawley

- ▶ How did you target your scale
- ▶ How have you evidenced the effectiveness of scale
- ▶ How have you shown the multiple goals and actions from the project
- ▶ What have you found difficult, and what has been successful in the scope and scale of the project
- ▶ How have you mapped your activities

# Monitoring & evaluation

## Chair – Nia Bryer

- ▶ How have you targeted your monitoring
- ▶ How have you evidenced your project outputs, and how have you shown outcomes from that
- ▶ Has your monitoring programme allowed you to manage adaptively
- ▶ Has this helped in long term capacity
- ▶ Have you demonstrated that your original aims and objectives have been achieved
- ▶ Do you feel monitoring has been overlooked by your groups
- ▶ What support would you like to see in relation to M & E

# Community engagement & rural development

## Chair - Sian Roberts

- ▶ What did you find was successful in your engagement methods
- ▶ How did you feel the community responded to your project
- ▶ What advice would you give to other projects
- ▶ Did you find other areas of support in rural development through exploring rural development
- ▶ What barriers did/ have you faced
- ▶ What support, skills and techniques do you think are effective in engaging the community, be that the local farming community, schools, community groups or other local people.
- ▶ Did you find incorporating history, heritage and language into your project successful
