

RIVER IRFON PROJECT UPDATE

Catchment landscape scale from Abergwesyn to Builth

Thursday, 23 February 2023 at 2pm

VICTORIA HALL, LLANWRTYD

Tea and cake available

Come and join us!

Contact: Catherine Hughes to book on 07815 103855

or email chughes@freshwaterhabitats.org.uk

One of Britain's wildest & most natural freshwater landscapes!

Come and hear feedback from the project. Speakers include: National Trust, NRW, Dwr Cymru.

- How can we increase the resilience of our freshwaters and wetland wildlife?
- Why is working at a catchment scale important?
- What needs to happen to help the recovery of the freshwater pearl mussels?

About Freshwater Habitats Trust

Freshwater Habitats Trust is a national evidence-based conservation charity that protects and champions freshwaters in England and Wales. In 2022, Freshwater Habitats Trust launched its new strategy to develop the Freshwater Network, a national network of wilder, cleaner, connected freshwaters to reverse the long decline of freshwater wildlife.
