

Rodney's Pillar

Introduction

Residents were concerned that Rodney's Pillar, a Grade II* Listed Monument, was deteriorating and starting to 'bulge'

Challenge

Ownership of the Pillar was not clear - the last repair had been done by the Gentlemen of Montgomeryshire. Statutory bodies such as CADW and Powys County Council would not accept any responsibility and neither would the landowner as the ground that the Pillar stands on had been gifted.

Solution

Three neighbouring Community Councils decided to join forces and secured a grant from ARWAIN for a Feasibility Study to be carried out which would look at the ownership and suggest possible solutions. Match funding was agreed by the Community Councils which paid for a drone & structural survey of the Pillar.

Benefit

The Feasibility Study also looked into the history of the Pillar and has raised awareness. It is hoped that in the future extra interpretation boards will be added plus leaflets made which explain the history.

Result

The Feasibility Study has shown that ownership cannot be established without a lot of legal work. A 'Friends of Rodney's Pillar Group could be formed which could fundraise for the money needed.

Project Outputs/Outcomes

Output (Case Level Indicator)	Achieved
No. of feasibility studies	1
No. of networks established	0
No. of jobs safeguarded	0
No. Of pilot activities undertaken / supported	0
No. of community hubs created	0

No. of stakeholders engaged	30
No. of participants supported (awareness raising events only)	32
Outcomes	
No. of jobs created	0
No. of communities benefitting	4
No. of businesses benefitting	8
