Project Name:	Contact A Family Workshop 1	
Start date:	21st November 2017	Targeted marketing by Thumbs Up and Credu to specific parents and carers.
Marketing plan:		
End date:	21st November 2017	
Lessons learned:	Worked well and was an opportunity to promote the venue to the parents/carers who attended as well as Contact A Family (national organisation) and Credu (local organisation) Feedback from parents was that the information given about managing sleep and positive behaviors was very useful and some of the strategies that they had an opportunity to discuss were things that they could implement into their own routines. There wasn't an opportunity to discuss finances, but this will be discussed at the next workshop.
