Project Name:	DBS? Contact A Family Workshop 1	
Start date:	23rd November 2017	
Marketing plan:	Targeted marketing by Thumbs Up and Ceredu to specific parents and carers.	
End date:	23rd November 2017	
Lessons learned:	<p>Worked well and was an opportunity to promote the venue to the parents/carers who attended as well as Contact A Family (national organisation) and Ceredu (local organisation) The workshops were received positively by parent/carers. Feedback from them was that information about transitions in children and young people lives had been very relevant to their children especially as for them transition is such a difficult area. The workshop had made them more aware of the issues and gave some ideas of how they could reduce the impact and offer support.</p> <p>They also received information about finances and additional support available which was great as some of this was new to them. Parent/carers also felt this was a great way to network and access informal support from others who had similar issues.</p>
